WORK EXPERIENCE

Green River College - Full-Stack Web Development Intern

Feb 2026 - Present

Auburn, WA

- Refactored old Codebase from PHP to Node.JS handling API integration to display current Internships on a Job Board.
- Handle code reviews daily on GitHub, checking for any bugs, missed edge cases, and accessibility.

Handshake AI - LLM / AI Trainer

Dec 2025 - Present

Remote (Kent, WA)

- Evaluate and label audio, visual, text, and code snippet data to train multimodal LLMs
- Audit 100+ dataset entries weekly to maintain training quality and model accuracy
- Provide structured feedback on model responses to improve context retention and language understanding

Greenfield Services - Hydro-Excavation Operator

Feb 2021 – Nov 2023

Puyallup, WA

- Operated hydro-excavation equipment on \$5-10 million Natural Gas Distribution Replacement projects for Puget Sound Energy
- Responded to 20+ emergency infrastructure incidents including gas leaks and line failures, working extended shifts (12-16 hours) to restore critical utilities to affected neighborhoods
- Maintained project timelines across multi-phase utility replacement projects

BUILDING

Paunchy's List - Universal Dev Tool Finder web-app

May 2026 - Present

<https://paunchyslist.vercel.app/>

Kent, WA

- Developing a developer extension marketplace currently featuring 219+ extensions across 12 environments with filtering by dev type, category, and environment
- Using modern responsive UI techniques with React + Vite on the frontend and Node.JS/Express backend with a SQLite database and REST API error handling retry logic.

GeoSight - Geospatial Intelligence Platform

Mar 2026 - Present

<https://geosight.earth>

Kent, WA

- Building a GIS platform that currently aggregates 80+ government and open-data APIs into real-time mission level briefings and reports across 9 mission lenses
- Architected the full stack AI-powered application using Next.JS, React, TypeScript, Cesium/MapLibre GL for 3D/2D mapping, and integrated dual LLM pipelines (Cerebras llama-3-.3-70b + Google Gemini) for instant geospatial analysis and natural language report generations

SERVICE

The Church of Jesus Christ of Latter-day Saints - Full-time Volunteer Representative

Jan 2019 - Jan 2021

Rome, Italy

- Co-led 14-person media team producing digital outreach assets
- Provided document translation and live multilingual interpretation for refugees and local Italians
- Taught English courses to 60+ students, leading to course certification completion
